RE: United States v. Samy M. Hamzeh

Case No. 16-CR-21 (PP)

Dear Judge Pepper:

The unopposed Motion to Continue that we filed yesterday failed to include that we had consulted with our client. I met with Mr. Hamzeh yesterday and explained the situation to him and the need for a continuance. While Mr. Hamzeh was not happy about the adjournment, he indicated that he understood and was agreeable to it.

Thank you for your consideration.

Sincerely,

/s/ Craig W. Albee
